Subject: Property Link Question

David,

I have a question for you. I see a couple of properties listed on our website that say DC. We don't have any properties in DC.

Also, are we able to populate our new property links on the existing corporate website to punch visitors out to the new site? I was not able to figure out how to do that in the toolbox if yes.

Thanks for your help.

Vesta Corp had signed up for our Relate 24/7 product. Villages at Chesapeake Avalon and Park Southern (Both DC properties), By a Michael Strongbow in June. Somehow those two properties were migrated to your website Vesta 24-7.

David

Have you been able to dig any deeper into how the other Vesta properties showed on our website? We really need to try and figure this out.

Thanks.
